---

## TECHNICAL SKILLS

React, Javascript, CSS, HTML, React, NodeJS, Bootstrap, jQuery, Firebase, API, MongoDB, MySQL, Adobe (Premiere Pro, InDesign, Illustrator, Spark), Final Cut Pro X, Microsoft (Word, Excel, PowerPoint)

---

## PROJECTS

**Activ8** | [github.com/kyle-merryman/Activ8](https://github.com/kyle-merryman/Activ8) | [activ8125125.herokuapp.com](https://activ8125125.herokuapp.com)

### UI and Middleware Developer

- Database stores scraped data on Petitions, Events, and Charities, while Passport protects user authentication
- User selects a passion, chooses an action (i.e. "Petition"), commits to the action, and can track their progress
- React, JSX, Node, Express, MongoDB, Mongoose, Axios, Passport

**Fore!Cast** | [github.com/LindsayT13/Project\\_1](https://github.com/LindsayT13/Project_1) | [lindsayt13.github.io/Project\\_1](https://lindsayt13.github.io/Project_1)

### Database Developer

- Calls data from Mapbox and OpenWeatherMap APIs to generate calendar and store data in Firebase
- User creates and stores events in Firebase, drags to change event, and checks route on a minimap
- JS, HTML, CSS, Bootstrap, jQuery, Firebase

**Clicky: The Next Generation** | [github.com/kyle-merryman/clicky-game](https://github.com/kyle-merryman/clicky-game) | [salty-badlands-44401.herokuapp.com](https://salty-badlands-44401.herokuapp.com)

### Full Stack Developer

- Randomly organizes a series of cards associated with an object in the state which tracks whether they are activated
- User gains points for each unique Star Trek TNG character selected; any duplicates clicked ends the game
- React, Node, Express, JSX, JS, CSS

---

## EXPERIENCE

**Public Interest Intern** – American Bar Association ROLI – Washington, DC

2018

Assisted the Communications Department in producing multimedia materials for the nonprofit's websites, newsletters, and social media outlets. Generated bespoke digital content for ABA ROLI using the Adobe Creative Suite. Followed best practices to interview notable ABA activists and contact major news outlets.

*Key Accomplishments:*

- Created ABA ROLI's animated icon, which is used in all video content.
- Produced two short documentaries for the event *When People Flee: Rule of Law and Forced Migration*.
- Recorded analytics for live-streaming and social media interaction.

**Production Manager** – San Francisco Shakespeare Festival – San Francisco, CA

2017

Coordinated the logistics of the production, *Hamlet*, by facilitating cross-departmental communication through scheduled meetings and digital reports. Rented and transported equipment, and provided on-site support for crew including transportation. Multi-tasked and worked overtime as needed.

*Key Accomplishments:*

- Compiled a document of all required materials for Production Management to streamline the position.
- Transitioned seamlessly with second Production Manager, allowing production to continue unabated.
- Rented and transported fragile sound equipment from BBI Engineering.

---

## EDUCATION

**UC Davis Extension**, Sacramento, CA – Full Stack Web Development Bootcamp

**San Francisco State University**, San Francisco, CA – *summa cum laude* – Bachelor of Arts, Anthropology & Drama
